# Deployment Schedule for the ePortal Q1 Release Package

05/30/2012

# Deployment Schedule for the ePortal Q1 Release Package

- ❑ The ePortal Project Team has requested commitment dates from all CMS vendors for when their development work will be completed to support the changes required within the ePortal Q1 Release Package
- ❑ The team also solicited and considered feedback from all CMS vendors and from county IT staff regarding the timing for when we should move the changes to the production ePortal
- ❑ Based on the team's assessment, moving the full Package into production before July 1 presents difficulties for both counties and vendors and may impact go-live testing
- ❑ The team, therefore, plans to move the ePortal Q1 Release Package to production on: **Tuesday, August 14, 2012**
- ❑ This approach will mitigate the risk associated with testing and go-live activities, both before and immediately following July 1
