Cost to customer at 3%	\$ 1,902,193	\$ 3,092,583
<p>If VISA were added on this site, the same 3% charge would be required for echecks and credit cards. Echeck constitutes 2/3 of the volume. This would have an adverse impact on those using echeck option.</p> <p>A separate site would be required in order to continue charging a flat rate for echeck.</p>
